Public Service Announcement:

Guys we have some super services available to us, and they aren't being utilized enough!

There are a lot of programs throughout Alberta – and Canada for that matter – that are trying to make this sport a little less expensive.

Did you know Jump Alberta offers bursaries for travel to shows within Alberta? Did you know they offer bursaries for clinics taken? They also sponsor Prix des Nations teams at the Spruce Meadows Pan American tournament to offer riders of all levels (1.00-1.40m) a chance to get some team experience.

Did you know AEF offers money back for people that have shown in the Wild Rose level shows?

Did you know Equine Canada offers bursaries for travel to the Royal Winter Fair?

Did you know Equine Canada supports team events? Not just Senior Canadian Show Jumping teams but also young riders and even childrens events?

Did you know ABSJ brings your current results of Albertans every week? They keep an updated FEI rankings list for Alberta riders on their website, and they gather all the show information you need to show in Canada.

Did you know RMSJ and the Anderson Family have sponsored a U30 program to help cover the costs and help promote developing riders in the 1.30m division?

Get informed! Follow ABSJ online and on social media to stay current with all of the programs designed for you!
